TECHNICAL SKILLS

Frontend : React.js, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Context API

Backend : Node.js, Express.js, RESTful APIs, JWT Authentication, Mongoose

Database: MongoDB

Design & Animation: Tailwind CSS, GSAP, Framer Motion, Shadcn UI, Bootstrap

Tools & Dev-Ops: Git, GitHub, Postman, Vercel, Render

EXPERIENCE

Pehchaan The Street School

Mar 2025 – May 2025

Graphic Design Intern

Remote

- Designed social media posts and brand creatives using Photoshop, CorelDRAW, and Illustrator
- Created visually engaging designs following modern typography, layout, and color principles
- Collaborated with team members to maintain brand consistency across digital platforms
- Delivered creative assets within deadlines while ensuring high design quality

Cantilever.in

Dec 2025 – Jan 2026

Web Development Intern

Remote

- Developed responsive web pages using HTML, CSS, JavaScript, and Tailwind CSS
- Collaborated remotely with developers to improve real-world website features and UI components
- Followed industry-standard development practices to improve code maintainability and user experience
- Explored MERN stack fundamentals and implemented basic full-stack development concepts

PROJECTS

Ziva Healthcare | ziva-care.vercel.app

Tech: MongoDB, Express, React, Node.js, Redux, Gemini AI, Tailwind CSS

- Built a scalable full-stack Healthcare Management System covering Appointment Booking, Patient Management, and real-time health tracking
- Integrated an intelligent health assistant utilizing the Google Gemini AI API to provide interactive, contextual health guidance to patients
- Delivered a premium, seamless user experience with dynamic dashboards and offline-tolerant state management using Redux, GSAP, and Framer Motion
- Deployed a production-ready ecosystem via Vercel (Frontend) and Render (Backend) with secure REST APIs and robust CORS configuration

MindStream | mindstream-project.netlify.app

Tech: MongoDB, Express, React, Node.js, SwiperJs, Tailwind CSS

- Developed a scalable full-stack blogging platform supporting complete CRUD operations, enabling users to seamlessly author, manage, and publish personalized articles
- Implemented robust user authentication and authorization flows (Login/Logout) using JWT and bcrypt, ensuring data privacy and secure session management
- Crafted a highly responsive user interface with Tailwind CSS and integrated SwiperJs to build dynamic content carousels for enhanced reader engagement
- Architected secure RESTful APIs with Node.js/Express for efficient MongoDB data handling, and successfully deployed the application via Netlify

EDUCATION

Indira Gandhi National Open University (IGNOU) <i>Bachelor of Computer Applications (BCA)</i>	2023 – 2026
[12th School] <i>Class XII (CBSE)</i>	2021 – 2023
[10th School] <i>Class X (CBSE)</i>	2019 – 2021
