ABOUT ME

Aspiring Front-End Developer with hands-on experience in building responsive websites using HTML, CSS, JavaScript, Tailwind CSS, and React. I enjoy creating clean, user-friendly interfaces and continuously improving my skills by building real-world projects. Currently learning Next.js and MERN stack basics to expand my development capabilities. A quick learner with strong attention to detail and a passion for modern web development.

WORK EXPERIENCE

OFFSHOOT (BHARATPE) – KYC ANALYST

Feb 2025 – Dec 2025

- Handled end-to-end KYC verification and compliance documentation for individual and business clients.
- Ensured accuracy and efficiency in client onboarding while adhering to RBI/AML regulatory requirements.
- Collaborated with the risk and compliance team to flag suspicious accounts and strengthen fraud detection measures.
- Processed and validated a high volume of client applications within strict SLAs, improving team productivity.
- Built strong expertise in compliance checks, documentation accuracy, and process management.

GRAPHIC DESIGN INTERN — PEHCHAAN THE STREET SCHOOL

March 2025 – May 2025 (3 Months)

- Created social media posts and stories for brands using Photoshop, CorelDRAW, Illustrator, and other design tools.
- Designed visually appealing creatives following modern layout, color, and typography principles.
- Delivered designs on time and collaborated with the team to maintain brand consistency.

WEB DEVELOPMENT INTERN — CANTILEVER.IN

Dec 2025 – Jan 2026 (1 Months)

- Developed responsive web pages using HTML, CSS, and JavaScript with focus on clean UI and usability.
- Collaborated remotely with the team to build and improve real-world website features.
- Followed industry-standard development practices to improve code quality and maintainability.
- Implemented basic web development concepts and explored introductory MERN stack fundamentals.
